

Solar Inverter tender price in Guernsey 2030

What is the energy strategy for Guernsey? The Electricity Strategy for Guernsey covers the period up to . The Committee for the Environment & Infrastructure considered several different ways in which Guernsey could meet its future demand including solar, wind, tidal, additional interconnectors, energy storage and alternative fuels. Can tidal energy be used in Guernsey? The use of tidal energy was included in the process and assessed in the pathways and forms a part of one proposed supply pathway, 'Lighthouse', where the States of Guernsey would invest in innovative and up-and-coming technologies that are not yet commercially viable. Does Guernsey have electricity? It was proposed that Guernsey Electricity would continue to supply all islanders (both domestic and commercial) with electricity through the network, but that competition be introduced in all other sectors of the market meaning the way in which electricity is sourced to meet customers demands would change. Does Guernsey need a green economy? It is essential that Guernsey can manage its own transition to a green economy effectively and so a strategic direction must be set, along with a market structure that supports this, and provide certainty to the energy industry. The Electricity Strategy was approved by the States of Deliberation in September . What was proposed? What if I want to supply the states of Guernsey with goods or services? If you are interested in supplying the States of Guernsey with goods or services, please register on the online tender portal to receive automatic notifications when relevant tenders are published. Does Guernsey Electricity need a 'accounting unbundling' exercise? Guernsey Electricity will be required to undertake an 'Accounting Unbundling' exercise which involves separating the accounts associated with various activities undertaken within the business. This is needed to ensure transparency and fairness within the market. 17% in 2 years: Rising electricity prices reinforce islanders' choice In Guernsey, the unit price of electricity has climbed by 17% in the last two years. Earlier this year, Guernsey Electricity warned customers that further increases are Guernsey Solar Tenders, Bids and RFP Latest Guernsey Solar Tenders, Government Bids, RFP and other public procurement notices related to Solar from Guernsey.
