CzechTenders is a domain owned and maintained by TendersOnTime (TOT). When will the price of gas storage facilities be set? Both firm and variable price component for gas storage facilities will be set by the Energy Regulatory Office in the new price decision in November . NET4GAS is the exclusive gas transmission system operator in the Czech Republic. Why are Czech businesses investing in renewable projects without subsidies? The subsidy increases to cover up to 75% of costs for community projects. But what we noticed at Wattstor is that Czech businesses are investing in renewable projects even in the absence of subsidies, because they have realised the strong business case for generating clean energy on site. What incentives are there for onsite generation in the Czech Republic? At the same time, stakeholder and regulatory pressure encouraged Czech organisations to invest in renewable power. There are several EU incentives to spur the growth of onsite generation. For example, the Modernisation Fund supports investments in energy efficiency, storage, network upgrades and the re-skilling of workers. Auction overview | Gas Storage List of auctions and offers 2025 Prices for gas storage facilities Need support to bid in Czech republic? Our Public Procurement experts will help you prepare your company for public procurement and organise the tender process.
