When will Italy's new energy storage capacity procurement auctions take place? Terna's thinking The date is set. The first of Italy's new energy storage capacity procurement auctions (MACSE) will take place on September 30, , Terna's president for grid development strategies, Francesco Del Pizzo, has confirmed. How much does energy storage cost in Italy? From ESS News The results of Italy's main grid capacity market auction for , published by Terna, show that energy storage represented 51.1% of the 174 MW of new capacity assigned. Thermoelectric plants made up the balance, with the new capacity secured for EUR67,500 (\$72,900)/MW per year, for a total cost of EUR11.75 million. How much storage capacity will Italy need by ? Namely, according to the updated scenario developed by gas company Scam and power grid operator Terna, Italy will need 72 GWh of storage capacity by to meet the EU's "Fit for 55" package goals. Around 50 GWh of this capacity will be allocated to new utility-scale systems supported by MACSE to complement the growing penetration of renewables. Italy Energy Storage Price Forecast Released Clean Horizon releases its energy storage price forecast for Italy, covering MACSE auction details, business models and revenue streams. Italy's 1st MACSE auction: green light for BESS investors Key steps are as follows: The first MACSE auction will take place on the 30 th September , targeting as first capacity delivery year. MACSE participation request MACSE Italy: Countdown to Europe's Largest Energy The first of Italy's new energy storage capacity procurement auctions (MACSE) will take place on September 30, , Terna's president for grid development strategies, Francesco Del Pizzo, has confirmed. MACSE auction: A game changer for Italy's energy storage sector is set to see a rapid growth in investment in the Italian energy storage sector, led by battery energy storage systems (BESS), with the implementation of MACSE. Italy to hold first energy storage capacity auctions in The energy minister of Italy has signed a decree paving the way for an energy storage capacity auction to kick off in the first half of . Energy storage more than half of new Italian grid The results of Italy's main grid capacity market auction for , published by Terna, show that energy storage represented 51.1% of the 174 MW of new capacity assigned. Marketwatch: Italy 'most vibrant' European storage Italy forecast to deploy more storage capacity than any other European nation in BW ESS, Emeren, Nuveen, Energy Vault, Octopus & Pacific Green among players to have made moves in Italian market in last year China Energy Engineering launches record 25 GWh China Energy Engineering Corporation's landmark procurement signals a shift toward market-driven energy storage, with bids reflecting aggressive cost-cutting and rising industry consolidation. 'Italy is Europe's most interesting battery market' Italy is the most interesting European battery market, followed by Great Britain and Germany, according to a report released earlier this week by UK-based analyst Aurora Energy Research which examined 28 European MACSE auction: A game changer for Italy's energy With the first auctions for procuring new storage capacity in Italy expected in the second quarter of , Aurora Energy Research has analyzed the internal rate of return for projects supported by the Energy Storage Energy-Storage.News Subscribe to Newsletter Energy-Storage.news meets the Long Duration Energy Storage Council Editor Andy Colthorpe speaks with Long Duration Energy
